

MD. SAMIUL ALAM

Software Developer

Phone : +880 1945 207270
Email : samiulalam.bd.ngn@gmail.com
GitHub : <https://github.com/samiul-bd>
LinkedIn : <https://www.linkedin.com/in/samiulalam-bd/>

Professional Summary

Results-driven Software Engineer and .NET Developer specializing in designing and building scalable backend solutions. Proficient in C#, ASP.NET Core, and SQL Server, with a strong focus on architecting relational databases and implementing robust Web APIs. Transitioned into software engineering with a commitment to continuous learning, successfully applying system integration skills to ensure seamless data flow and reliable application performance in fast-paced environments.

Work History

Intern

STAR COMPUTER SYSTEMS LIMITED

📍 Dhaka, Bangladesh

📅 Dec 2025 - Present

- **Application Development:** Design and build scalable backend software solutions using C# and the ASP.NET Core framework.
- **Database Management:** Architect and maintain relational databases in SQL Server, utilizing Entity Framework Core for efficient data access and storage.
- **System Integration:** Implement robust Web APIs and secure CRUD operations to ensure seamless data flow and reliable application performance.

Technical Skills

- **Languages:** C#, JavaScript, TypeScript, HTML/CSS.
- **Frameworks:** ASP.NET Core MVC/API, Angular, React.
- **Databases:** MS SQL Server, Entity Framework Core.
- **Architecture:** RESTful API, Clean Architecture, CQRS.
- **Security:** ASP.NET Core Identity, JWT Authentication.
- **Tools:** Git, GitHub, Postman, Swagger.

Professional Training Summary

Title	Institute	Location	Year	Duration
Cross-Platform Apps Using ASP.NET, Angular, React & MAUI	IsDB-BISEW IT Scholarship Programme	Dhaka	2026	812 Hours

Training Highlights:

- Completed an intensive 788 -hour training program focusing heavily on the Microsoft .NET ecosystem.
- Developed full-stack enterprise capstone projects demonstrating proficiency in C#, ASP.NET Core, and SPAs.

Projects

LedgerAI - Financial & Inventory Management System

GitHub:

<https://github.com/samiul-bd/LedgerAi>

Technologies: ASP.NET Core Web API, C#, Entity Framework Core, SQL Server, React.js, TypeScript, Bootstrap, JWT

Contribution:

- Architected an enterprise-grade full-stack accounting application featuring Chart of Accounts, Journal Entries, and Store Ledger modules.
- Engineered strict double-entry accounting validations and utilized EF Core asynchronous transactions to ensure data integrity between financial and inventory records.
- Integrated ASP.NET Core Identity with JWT for robust API security, coupled with Axios interceptors for automated React client token management.
- Developed a dynamic, responsive user interface using React and Bootstrap, handling complex state management for multi-line transaction forms.

Naogaar Aam - E-commerce & ERP System

GitHub:

<https://github.com/samiul-bd/NaogarAam>

Technologies: ASP.NET Core, C#, Entity Framework Core, SQL Server, Angular, MediatR (CQRS), TypeScript

Contribution:

- Architected a full-stack modular monolith integrating Sales, Inventory, and Financial modules using Clean Architecture and CQRS patterns.
- Engineered customer behavior tracking and geo-location data pipelines to analyze ad ROI, cart abandonment, and optimize marketing campaigns.
- Developed a high-performance Single Page Application (SPA) using Angular, featuring lazy-loaded admin dashboards and robust state management.
- Implemented strict data integrity utilizing the Unit of Work pattern, EF Core asynchronous transactions, and global audit trails.

Academic Qualification

Title	Subject/Group	Institute	University/Board	Passing Year	Result
BBA	Accounting	Naogaon Govt. College	National University	2021	2.45 / 4.00
HSC	Business Studies	Naogaon Govt. College	Rajshahi Board	2015	4.33 / 5.00
SSC	Business Studies	Khidirpur High School	Rajshahi Board	2013	4.19 / 5.00

Language

- **English** : Fluent - Professional communication.
- **Bengali** : Native.
